

Working at Covéa Insurance

What it's really like

“No two days are the same...”

My Career at Covéa Insurance

I joined in February 2012 in the Third Party Claims Department working across the General Claims Unit and the Litigation team, where I handled technical and complex claims. I was successful in my application for a role within the Technical Claims Department in March 2013 where I moved to the personal injury team. This role gave me the opportunity to transfer from Halifax to Reading.

After gaining insight into the various business functions and utilising the skills I had learnt, I realised my development to progress further laid in Finance. In October 2014, I moved to the Finance team as a Trainee Financial Analyst. My responsibilities include managing MMA Holding Purchase Ledger and carrying out accounting tasks for MMA Holdings and Covea's Investments. The training I have received from team members has been invaluable and has made me more efficient and capable within my role. Together with my work training, I'm also working my way through my AAT accounting exams which will provide me with the necessary foundation for pursuing the ACCA qualification to become a fully qualified accountant.

Why I enjoy working here

At Covéa Insurance no two days are the same and the variety and challenges this brings makes for a great working environment. I have received lots of support from my colleagues and I am impressed with their work ethics. I have really enjoyed learning new skills and developing my knowledge of the insurance industry.

What has working here taught me?

I have learnt to be organised and prioritise work effectively, solve problems with a logical approach and deliver excellent customer service. I have also learnt effective negotiation and time management skills.

Why I would recommend Covéa Insurance as a great place to work?

Covéa Insurance is a supportive and friendly company and I have made some great friends. I have been provided with opportunities to work in different areas enabling me to develop my skill set and progress further in my career.
