

Niall

Development Underwriter

Why did you choose an apprenticeship?

I always knew I wanted to do something involving numbers so I applied for the Finance Apprenticeship role at Covéa. I knew an apprenticeship was the right decision as I didn't have any experience in a working environment.

What qualification did you achieve at the end of your apprenticeship?

Once completed, I received the NVQ Level 2 in Business Administration qualification.

What do you love about working for Covéa?

They're a supportive company, there's a good atmosphere and nice people. It's a growing business with tons of opportunities to develop and progress on the career ladder.

What are you most looking forward to in your role?

Within my new role of a Development Underwriter I will learn more and continue to enjoy working on broker accounts.
